## **CMI Marketing Benefits:**

With so many inspectors in the market place, it is sometimes difficult for the consumer to know which inspector has superior experience and qualifications.

By displaying the CMI logo and designation to the public, the qualified inspector is now able to enjoy a very powerful communication advantage to help distinguish them in the industry.

It has been proven in actual field experience that many people will select someone who is listed as a "*Board Certified Master Inspector®*" to do their inspection.

## **Become a CMI**
